EDUCATION

University of Minnesota – Twin Cities — Minneapolis, MN
B.S. Economics | *Minor: Mathematics* — May 2024

EXPERIENCE

ConMoto Consulting GmbH — Charlotte, NC | Mexico | Germany
Associate Consultant (Jan 2025–Present) | *Freelance Consultant (Jun–Dec 2024)* — Jun 2024 – Present

ZF / PEASA (GIM) – Supplier Stabilization | *San Luis Potosí, Mexico* — Jan 2026 – Present

- Serve as **primary on-site ZF representative** within a 2-3 person engagement team, providing real-time operational visibility and escalation management to prevent customer shutdowns across **Honda, GM, Ford, Stellantis, Kubota, and Polaris.**
- Developed capacity-aligned production plan for supplier PEASA using **VSM and machine utilization leveling across 8 assets**, improving **schedule attainment from 51% to 82%**.
- Reduced open order backlog by **75% (400K → 100K units)** through structured escalation resolution, maintenance overhauls, and shopfloor accountability improvements.

Wirthwein – Operational Turnaround | *South Carolina, USA* — Jun 2025 – Dec 2025

- Increased Plant **OEE from 48% to 81%** (3rd shift: 31% → 71%) as primary on-site consultant within a 2-person engagement team, through hands-on injection molding overhauls, structured short interval control, and shopfloor accountability coaching.
- Reduced active escalations from **6 high-severity to 3 medium-severity** (BMW, VW, Brose) by leading **3 OEM on-site visits** and owning daily and weekly customer update meetings.
- De-escalation of the supplier by preparing and supporting **3 third-party audits** — Volkswagen VDA, Fehrer VDA, and TÜV — during an active turnaround engagement.
- Managed KPI tracking and reporting infrastructure across a **multi-site automotive manufacturing operation**, ensuring real-time leadership visibility into daily performance.

Mann + Hummel DC Stabilization (DHL) | *South Carolina, USA* — Jun 2024 – Jun 2025

- Increased distribution center order fill rate from **85% to 95%** for a **650-person logistics team**, as part of a 4-person consulting team, directly improving customer service levels.
- Coached **20+ operational managers and supervisors**, driving bin location accuracy from **40% to 89%** through targeted training and process standardization.
- Re-engineered outbound dock utilization from an **80/20 lane split to 50/50,** boosting output by **2.6M units monthly**.
- Led daily operations meetings with **C-suite executives**, raising shipping schedule adherence from **77% to 95%**.

ZKW – BMW G45 Ramp-Up Support | *Silao → Guanajuato, Mexico* — Oct 2024 – Dec 2024

- Lead on-site consultant to drive **BMW G45 new model ramp-up de-escalation**, managing **5 cross-functional work packages** across Industrialization, Quality, Logistics/Production Planning, Injection Molding, and Supplier Management.
- Built winter break stock reserves from **1.5 to 9.2 average Days on Hand**, ensuring supply continuity for BMW through planned production shutdown.

Sempris LLC — Eden Prairie, MN
Marketing Analyst Intern — May 2023 – Sep 2023

- Partnered with a **10-member cross-functional team** to analyze marketing performance data, generating insights that drove campaign strategy adjustments.
- Designed new modeling techniques, improving sales summary accuracy for business partners by **15%**.
